

Autumn 2007

# EATON

## Timber Products Newsletter

Welcome to the ETP Autumn 2007 newsletter. Over the summer we have completed many significant jobs for storage and handling distributors. We have enjoyed real success with our timber workbenches and pallet racking shelves.

Please contact us for details of our timber products and find out what we can do for you. Call us on; **01905 455457**, email us at [sales@eaton-timber.co.uk](mailto:sales@eaton-timber.co.uk) or use the fax back form overleaf.

Looking forward to hearing from you.

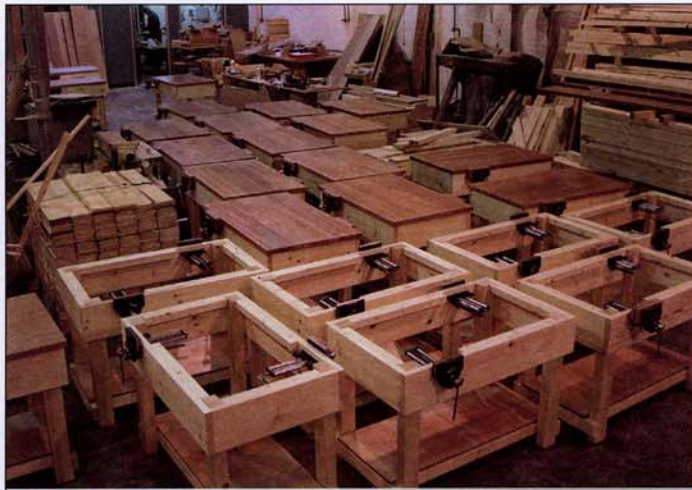

### Alan Venables

Managing Director – Eaton Timber Products

### TIMBER WORKBENCHES

During July and August we manufactured and delivered 93 workbenches for distributors.

Many of the orders were delivered to schools and colleges for the start of the new academic year but benches were in demand for use in the rail industry, a prison, hospitals and a financial services company.

Our timber benches are made to order and customers' specific requirements can be catered for without incurring significant additional costs.

The photographs show an order for 30 hardwood benches in production and being loaded for delivery to a school in London.

### PALLET RACKING SHELVES

In the middle of the summer we completed an order for 700 special timber-slatted shelves for a Midlands racking distributor.

This was a challenging project for a number of reasons; the quantity of shelves required; the size of shelves; mostly 4m long and up to 1.6m deep; the quality of finish required by the client, the top face had to be planed and the testing timescale, the shelves had to be manufactured and delivered in two weeks.

**A job well done with ETP's efficiency and flexibility coming to the fore.**
